PRINCIPAL’S REPORT

Dear Parents and Caregivers,

Welcome to our 2014 school year. It has been wonderful to welcome our Year 8 students into the school and also our returning students, with everyone happy and ready to start learning. 2014 promises to be a significant year in education history with 2014 being the last year that secondary schools in Queensland will have Year 8 to 12 students with the introduction of Year 7 students in 2015.

This year we have had the largest number of new staff join our school for a number of years. They bring with them a wealth of knowledge and skills that will enhance our student learning and provide new ideas to continue with our school improvement.

I would like to welcome our new families that have joined our school community. Caloundra is a fantastic school with great teachers, your choice of school is an excellent one and one that will see your child succeed and excel. Please take the time to engage with the school, as we love to see parents be part of our school community.

In 2014, our priorities are simple with the success for all of our students being the driving force behind our improvement agenda. I am pleased to report, last year, showed significant improvements in all of our data which can be seen below:

With Year 9 NAPLAN results, we were named as one of the schools in Queensland that showed the most improvement in NAPLAN results with 90% of our students achieving National Minimum Standards compared to 82% in 2012. In 2014, we are aiming for 100%.
We also improved in Behaviour Data with the number of suspensions (1-5 days) decreasing from 321 in 2012 to 185 which translates to only 7% of our student population absent from school for behaviour.

Our Student Attainment Data improved with 85.1% of our students receiving an A-C rating compared to 2012 where 79.9% passed. Student attendance increased from 88.3% to 89.5% in 2013.

Caloundra State High School’s Priorities in 2014 are grouped under the PILOT analogy again this year – Partnerships, Identity, Learning, Outcomes and Teaching.

In Partnerships, parent and community engagement is always a priority. Involving our parents and community in our school as much as possible enhances our student’s learning. We will be providing ways for parents to build capacity to support their students learning, and the school actively seeking and entering into community partnerships. Another focus under Partnerships is Getting Ready for Secondary School with year 7 students attending Caloundra SHS in 2015.

Under Identity, we will be focussing on our image and ensuring that we market and promote the school at every opportunity and continue to be a school of choice for our international students - we have 21 enrolled this semester. Our school image will be enhanced with facilities upgrades with new painting, landscaping, classroom building and enhancements.

With Learning, 2014 sees us introduce our Year 8, 9 and 10 students to the Australian Curriculum of Geography. Our revised Responsible Behaviour Plan will be implemented and will focus on rewarding positive behaviour. This year we will be investigating the introduction of Bring Your Own Device which will have students bringing their own computers into school.

With our Outcomes, we expect to build and improve on the results obtained last year. We will see our Year 9 students attain a National Minimum Standard in the NAPLAN test in all strands and an increase in our upper two band student numbers. Focus areas for 2014 will be in literacy (especially reading) and numeracy.

Student attainment will remain a focus and to assist with the extension of our students, two new high achieving classes 8Gem (8G) and 9Gem (9G) have been created to add to our existing Horizons program (8H and 9H). Attendance will be monitored as always, with the goal to have our students attend 90% of the time. Fact: if a child attends at 90% of the time, by the time that they start grade 10 (after completing a year of Prep), they will have missed a whole year of schooling in the 10 years they will have been at school. Given this we would like to see a higher than 90% attendance rate, so please support your child learning and therefore achieving by ensuring that they attend school.

Year 12 Outcomes will see us working on 100% of our Year 12 students achieving a Queensland Certificate of Education (QCE) and successfully completing their course of study. Our students in senior school are aware that our expectation is that they work, they attend and they participate in a course of study, we will engage in close monitoring of all our senior secondary students and assist where necessary to ensure that they succeed.

We will focus this year on our teachers receiving feedback. Staff will participate in a program ‘teachers teaching teachers’, using peers to provide specific feedback. Art and Science of Teaching will continue to be used as the method of teaching and a program titled ‘Improvement by Design’ will be implemented into the school. This will see the appointment of a coach and regional support team to assist with teaching methodology to improve our teaching of literacy and numeracy.

In summary, our priorities for 2014 are – Literacy and Numeracy, QCE attainment, Getting Ready for Secondary School, Bring Your Own Device, Implementation of the National Curriculum Geography and the participation in the Improvement by Design process. As always it is a busy year, but a year with clear priorities and clear goals to improve our student learning and our student results.

Welcome again to our school year and we look forward to working together for the success of your child.

WELCOME TO NEW STAFF

Please welcome our new staff members for 2013.

Ms Jen Williams
I am very excited to be at Caloundra SHS this year as the new Teaching and Learning Head of Department and an English teacher. Previously, I’ve taught at Tagai State College in Far North Queensland and Bribie Island SHS in a range of roles. I am looking forward to working with students, parents, staff and the wider community this year!

Mr Brett White
I have been teaching for almost 30 years, the last 20 years at Nanango SHS in the South Burnett. I have also taught at Rosewood SHS and Blackwater SHS. I am the new Mathematics Head of Department.

Ms Sarah Benaud
I have recently arrived from Charters Towers where I was lucky enough to be part of the project management team for the Dalrymple Trade Training Centre. I am passionate about Vocational Education and my qualification areas include Tourism, Hospitality and Business. Prior to this I was in Bamaga, Cape York teaching Indigenous students. I am originally from the Sunshine Coast and looking forward to the beaches and surf. I will be part of the Home Economics Faculty and look forward to being part of the school.

Mr Steven Bilsen
I will be working in the Technology Department teaching Metal Engineering and senior Graphics. After graduating in 2010, my family and I moved from the Sunshine Coast to Townsville where I worked for 3 years at Kirwan SHS.

Miss Ashleigh Davies
I am a Maths and Physics teacher. I have been teaching in a small country town called Miles for the past 3 years and am very excited to join the CSHS group.

Mr John Dighton
I have been a teacher for 16 years, with the last 15 at Beerwah SHS. My teaching areas are Chemistry, Science, Maths and HPE. I have level 4 qualifications in athletics in sprints, hurdles, relays and middle distance running and I am currently a coach at USC. Before life as a teacher, I was an industrial chemist for some 25 years where I managed laboratories, quality and safety systems. I am looking forward to being a part of the Science Faculty at Caloundra High.

Mrs Debbie McLean
My previous school was Cooktown State School. I have moved here with my husband and two young children, and we’re already getting out and about, maximising all the great opportunities that this part of the world provides. I enjoy kite surfing and other water sports, however the winter here will be a challenge. I teach Maths and Science, and can be found in J Block staffroom. I look forward to meeting the students of Caloundra State High.

Mrs Julie Miles
I live on the Sunshine Coast with my husband and two teenage children. I have previously worked at Beerwah SHS and currently on contract at Caloundra High in Science faculty. I have lived on the Coast for 7 years after having spent 10 years living and working in New Zealand. I am looking forward to meeting all the Caloundra State High students.

Mr Michael Nagle
I have been teaching for 10 years in Australia and the USA. The last 5 years I have spent working at the Montessori Adolescent Program; it was time for a change and a new challenge. My family and I love to spend time at the beach, swimming and surfing or just hanging out. I am looking forward to being part of the Caloundra High Lighthouse Centre.

Mr Peter Ossipow
I have taught throughout Queensland for the past 13 years, most recently spending the last 6 years in Blackall at a P-12 school of 150 students. I am excited to be at Caloundra State High School teaching Maths. My first impressions of the staff, students and Sunshine Coast beaches have all been very positive.

Ms Michelle Peters
I began my teaching adventure 12 years ago at Mareeba State High School. My university studies were at QUT where I gained a double degree in Dance and Education. This career path came out of 13 years of dancing Ballet, Contemporary and Jazz at my local dance school in Brisbane. I have recently spent 5 years working at Gympie State High learning lots about agriculture and country music, with a lucky transfer to Caloundra State High for this year. My cat and I are thrilled to be living in such a beautiful part of the Sunshine Coast and look forward to having many new adventures in and around the area.

Mr Alex Shaw
I will be teaching Engineering and Furnishings in Term One. I have recently returned from a six month trip to Central America where I spent time surfing, fishing and diving. I have previously taught at Caloundra High during the latter part of 2011. I am looking forward to meeting more of the Caloundra SHS community this term.

Ms Janeine Stibbe
I am joining the HPE Department this year at Caloundra High. I have previously been at Bowen SHS for the last five years as a PE teacher. I will be teaching Certificate III Fitness, Certificate II Sport and Recreation and Year 10 HPE at Caloundra High. I am looking forward to working with you all.

Mrs Stephanie Wimpenny
I am very happy and honoured to be appointed as Music Teacher of Caloundra SHS after a terrific first year of teaching at Beerwah SHS. I look forward to working with the students of Caloundra High across all areas of their musical aspirations and endeavours, and cannot wait to get music out there and rocking around the school!
ADF INDIGENOUS STUDENT STUDY TOUR

From a group of over 250 nominated students, Topaz P. has been accepted to travel to Wagga Wagga, New South Wales to participate in the Australian Defence Force Tour with 25 other Indigenous students from around the country.

“I’m so excited to be invited to the ADF camp; a once in a lifetime opportunity for an insight into a possible career in aviation,” expressed Topaz.

During March 3 to 7, Topaz will not only experience first-hand what a career in the ADF would be like, she’ll also meet like-minded Indigenous students, be educated in the processes to become an ADF member, and of course, have fun!

Topaz also added, “I would also like to thank Mrs Brook for assisting me with my scholarship application and opening many doors for the future.”

TRADE TRAINING CENTRE NEWS

The Sunshine Coast Trade Training Centre will shortly be in the possession of a dual cab VW Amarok that Cricks Auto Group have generously sponsored for 2014. This is a significant support for the SCTTTC in our 200 + workplace visits that will be coordinated throughout the year. A special thanks to Gary Crick and in his positive endorsement of our work.

All SCTTTC programs have numbers to run for 2014 and will be delivered to around 112 students each week. Programs running are:

- **Cert I Construction** has two groups of 28 students in total. This program is partnered with Sunshine Coast Institute of TAFE.
- **Cert II Resources & Infrastructure** has two groups running with 28 students in total. This program is partnered with Sunshine Coast Institute of TAFE.
- **Cert II Electrotechnology** has two groups of 28 to 30 students in total. There are 2 places still available to students in this program. This program is partnered with Sunshine Coast Institute of TAFE.
- **Cert III Surveying & Geospatial Information Services** will run with one group of 12 students and there is still space for 2 more students. This program is partnered with Canberra Institute of TAFE.
- **Integrated Learning in Engineering** will run with one group of 16 students and is partnered with the University of the Sunshine Coast.
