Refund Guidelines

At Caloundra State High School we are committed to providing a safe and supportive learning environment for students, staff and volunteers. This commitment includes the health and safety of staff and students when conducting curriculum activities in the school or in other locations.

State schools are able to charge a fee for:

- an educational service including materials and consumables not defined as instruction, administration and facilities for the education of the student

A school fee is directed to the purpose for which it is charged.

School fees for LOCKER HIRE are calculated on a cost recovery only basis. Participation of students in LOCKER HIRE is indicated through payment of the fee and provision of a signed LOCKER HIRE FORM completed by the parent and student.

As the school budget cannot meet any shortfalls in funding for locker hire due to the subsequent non-participation of a student who had previously indicated participation in the locker hire scheme, fees already paid may be refunded in full or in part or not at all, having regard to the associated expenses incurred and the circumstances of the non-participation. The annual locker hire fee will not be refunded.
