

Junior Secondary STEM Signature Program

Caloundra State High School is pleased to invite new enrolments for high achieving students in Year 7 in 2027 to join our STEM Academic Signature Program. The STEM classes are designed to challenge, nurture and develop students with outstanding Math and Science ability. Entry to this program is by application only.

Students will be required to discover our built and digital environment to design innovative solutions to a range of problems. The course combines all the technologies – Design and Digital – to problem solve independently and in groups using electronics and digital components creating prototypes of their design solutions. Students will be expected to use their higher level problem solving skills to design their solution to the set problem.

This course involves/uses, but is not limited to:

- Micro:Bit – Beat box and light show
- Sustainable practices epackaging
- There's an App for that!
- Smart foods and production techniques
- eSports – Minecraft Education
- Negotiated learning based on student interest
- Construction using a range of mediums from lego to laser cutters
- Connect with Industry eg: CyberSecurity, CSIRO, Coding competitions, etc

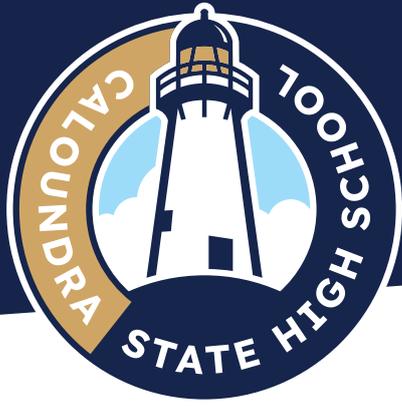

Selection to participate in this prestigious program will be based on:

1. Students are to be achieving a B or higher in both Maths and Science
2. Evidence of consistently high standards of behaviour and effort in all subjects;
3. High performance in NAPLAN Literacy and Numeracy testing (in the upper two bands).

The closing date for applications is Friday 11 September 2026. Successful applicants will be notified by Friday 18 September 2026.

In submitting this form, I declare that information supplied on this form (and the accompanying documents and statements) is complete and correct to the best of my knowledge.
