19. Do not ask anyone to explain or interpret an assessment item.
20. If you need additional assessment materials, or need to leave the room, signal a supervisor by raising your hand and waiting quietly.

External assessment equipment list

External assessment 2023

Supervisors will check equipment before students enter the assessment room.

Approved equipment for all assessments

- black or blue pens
- 2B pencils, sharpener and eraser
Note: 2B pencil is only required for multiple choice questions and drawing graphs or diagrams. Black or blue non-erasable pens must be used for all other written responses
- highlighters — students should not highlight their responses but may highlight stimulus or questions when permitted by the supervisor
- a clear plastic ruler
- water in a clear unlabelled bottle
- asthma inhaler.

You may use a clear plastic container or ziplock bag to carry your equipment if needed.

QCAA-approved calculators

Only calculators approved for use in assessments are permitted. Scientific and graphics calculators must:

- meet the requirements set out in the [Scientific calculator list](#) and [Graphics calculator list](#)
- be handheld and solar or battery powered
- be cleared of memory before entering the assessment room.

For assessments that permit the use of a non-programmable calculator (Accounting, Economics, Geography, Legal Studies), the calculator must be handheld and solar or battery powered. It should be able to perform addition, subtraction, multiplication, division, square roots and powers. It must not allow access to a computer algebra system (CAS), spellchecker, dictionary, thesaurus or translator.

For Aerospace Systems, a QCAA-approved flight calculator is required.

Student devices

A student device is a battery-powered laptop or tablet. For assessments that require the use of a student device, students will bring their own or a device will be provided by their school. Schools should advise students of the arrangements that apply to devices for their assessments.

Students should have:

- individual access to a device on which they can listen to and/or view digital stimulus as many times as they need to throughout the assessment session
- the latest version of a media player that plays MP3 and MP4 files installed on the device

- wired earphones/headphones consistent with the guidelines for academic integrity (Bluetooth-enabled earphones/headphones are not permitted).

Students, supervisors and relevant teachers should be confident using the device and media player.
